# Report on the Administration of the Karauli State for the Sambat year 1964,

Covering a period of Ten months, from 1st November 1907  
to 31st August 1908.

## CHAPTER I.

### GENERAL AND POLITICAL.

1. *The Jadon Rajput State of Karauli lies between the 26° and 27° degrees of Latitude and 76° 30' and 77° 30' Longitude. It is bounded on the north by the States of Jaipur and Bharatpur, on the east by Dholpur, on the south by Gwalior, and on the west by Jaipur. It covers an area of 1,242 square miles; the population, according to the Census of 1901, numbers 1,56,786; the gross revenue (based on an average of past five years) of the State is Rs. 4,05,095; the State pays no tribute to Government or to any other State.*

2. The present Chief, His Highness Maharajah Dhiraj Sir Bhanwar Pal, Deo Bahadur, Yadukul Chandra Bhal, G.C.I.E., was born on the 24th February 1864, and succeeded to the Gaddi on the 14th August 1886, by adoption. His Highness the Maharajah married six wives, of whom four are living, but has no issue, nor has he adopted any son. He is recognised as the head of Jadon Rajputs, and is a lineal descendant of Shri Krishna.

Present  
Ruler.

### PRINCIPAL EVENTS.

3. His Highness the Maharajah having received pressing invitations from his brother-in-law, Rajah Hamir Singh of Khandela, to attend the marriage of his daughter with the grandson of Major-General His Highness Sir Partab Singh Bahadur, G.C.S.I., K.C.B., LL.D., Maharajah of Idar, it was proposed to pay a visit to Khandela in Jaipur territory. Accordingly His Highness, accompanied by the following principal Sirdars and Officials of the State, left Karauli on the 22nd January 1908, and took train from the Hindaun Road Station on the 23rd.

Visit of H.H.  
the Maha-  
rajah to  
Khandela,  
Mandawa,  
and Jaipur.

### SIRDARS.

1. Thakur Sujan Pal.
2. Thakur Balwant Pal.
3. Thakur Ram Nath Singh.
4. Thakur Anand Pal.
5. Thakur Bishal Singh.
6. Thakur Girwar Singh.

## OFFICIALS.

1. Dewan Bahadur Munshi Balmokand Das, C.I.E., Rao Bahadur, Senior Member of Council.
2. Babu Jugal Kishore, B.A., Private Secretary to His Highness.
3. Doctor Bhawani Singh.
4. Chaudhri Ganga Pershad.
5. Lala Misri Lal, Munsarim, Wardrobe.

4. The Special left at 10 A.M. At the Railway Station, Jaipur, His Highness was met by the Sirdars and Officials of Jaipur, who presented Nazars to him. Colonel C. Herbert, I.A., Resident, had also kindly come over to the Station to see His Highness. The train reached Sri Madhopur, a station 15 miles from Khandela, in the evening. It was beautifully decorated. His Highness was received there by the Rajah, and a salute was fired. On the 24th the party reached Khandela, where a suitable reception was accorded to His Highness and the street, through which the procession passed, was gaily decorated. A Public Durbar was held, and all the formal ceremonies were gone through. His Highness was the guest at Khandela up to 30th January 1908; and during his stay visits were exchanged between him and His Highness the Maharajah of Idar.

5. To pay a visit to Mandawa, the place of residence of the father of Her Highness the present senior Maharani Shaikhawatji Sahiba, His Highness and party left on the 31st January 1908, *via* Nawalgarh and Mukandgarh. After a stay of two nights at Nawalgarh, where His Highness was cordially welcomed and entertained by the Thakur, the party reached Mandawa on the 3rd February 1908, where a hearty welcome was accorded to His Highness. The Basant festival was celebrated there. On the 6th February 1908, His Highness left for Kanwat Railway Station.

6. As His Highness had to pass through Jaipur, he received an invitation from His Highness the Maharajah of Jaipur to pay a visit to his capital. This was thankfully accepted, and it was proposed to break journey at Jaipur, on His Highness' way back to Karauli. In the meanwhile Dewan Bahadur Munshi Balmokand Das, C.I.E., Senior Member of Council, was asked to proceed to Jaipur to discuss and settle with His Highness the Maharajah of Jaipur, all details regarding reception and accommodation, etc. The details having been satisfactorily arranged, His Highness the Maharajah paid a visit to Jaipur on the 9th February 1908. The Special reached Jaipur Station at 4 P.M., where His Highness was received in a befitting manner by His Highness the Maharajah of Jaipur and his Sirdars. On alighting from the carriage the two Chiefs embraced each other in a very cordial manner, and after the usual exchange of greetings, both started in a carriage for Rambagh. A salute was fired, and the Jaipur Durbar then returned to his palace. During his stay at Jaipur the usual visits were exchanged, and a Durbar was held

in Chandra Mahal, on the 10th February 1908. The Jaipur Durbar received His Highness at the edge of the carpet, and then both the Maharajahs took their seats on chairs, the Karauli Durbar, his Sirdars and officials taking seats on the right side. Similar ceremonies were observed by the Karauli Durbar on the return visit paid by His Highness the Maharajah of Jaipur.

7. On the 11th idem the Karauli Durbar paid a visit to his aunt, Her Highness Jadonji, the senior Maharani Sahiba of Jaipur. After the interview, the palace buildings were shown to His Highness, who was much delighted with the Armoury. A shoot was also arranged and a few pig were bagged. Private visits were exchanged between His Highness the Maharajah of Karauli and Colonel C. Herbert, the Resident of Jaipur.

8. On the 16th February, at the time of departure, His Highness the Maharajah of Jaipur accompanied the Karauli Durbar to the Railway Station, where they were met by Colonel Herbert, the Resident. The Special left the Jaipur Station at 4-30 p.m., amidst loud cheers. His Highness stopped for the night at Mandawar, and reached his capital on the 17th idem, to the excessive joy of his people.

9. Babu Jugal Kishore, B.A., the Private Secretary, was in charge of the camp arrangements throughout the tour, which were made to the entire satisfaction of the Durbar.

10. As the Hon'ble Mr. E. G. Colvin, I.C.S., C.S.I., Agent Governor-General, Rajputana, was thinking of going on long leave, His Highness was anxious to bid him good-bye personally before his departure. He, therefore, availed himself of the opportunity of the Hon'ble the Agent Governor-General's visit to Bharatpur, and left Karauli on the 11th July 1908, and reached Bharatpur the next day, where he was received by Major L. Impey, I.A., Political Agent, Eastern Rajputana States, Rao Raja Raghunath Singh, the uncle of the Chief, the Members of Council, Sirdars and Officials of the State. A guard of honour from the Imperial Service Infantry, with State Band, was drawn up outside the platform. A salute was fired when His Highness alighted from his carriage. His Highness drove in a State carriage to the Moti Jhil Kothi where he was accommodated. The Members of Council followed in the second carriage. At the Moti Jhil a Dali and a Nazar of Rs. 500 was presented to His Highness on behalf of the Bharatpur State. The Hon'ble the Agent Governor-General arrived at Bharatpur on the 13th July 1908, and private visits were exchanged between him and His Highness on the 14th idem. His Highness left Bharatpur on the 17th July, and returned to Karauli the same day.

His Highness  
the Maha-  
rajah's visit  
to Bharatpur.

11. Her Highness the senior Maharani Jadonji of Jaipur sent deputations to Karauli with the usual presents on the following occasions :—

Deputations  
from Jaipur.

- (1) On Holi Duj (March 1908).
- (2) On Gangor (April 1908).
- (3) On Rakhi (August 1908).

These presents were exchanged by the Karauli Durbar according to custom.

Visit of the  
Political  
Agent, East-  
ern Rajpu-  
tana States.

12. Major L. Impey, I.A., Political Agent, Eastern Rajputana States, entered the State territory at Bhojpur on the 21st December 1907, where he was met by Dewan Bahadur Munshi Balmokand Das, C.I.E., the late Revenue and Financial Member of Council. Touring through the Machilpur Tahsil, he arrived at Karauli on the 24th December 1907, and was warmly received by His Highness at a distance of nearly two miles from the capital. The usual formal visits were exchanged on the day of arrival. On the 25th December a banquet was given at the Shikar Mahal Palace, and the health of the Hon'ble guest was proposed on behalf of His Highness by the Private Secretary, and was replied to by Major Impey.

13. On the 26th December 1907, a Special Durbar was held in the City Palace, wherein a Sanad conferring the title of Khan Sahib on Hafiz Asghar Ali, late Central Famine Officer, Karauli, was presented to the recipient by the Political Agent.

14. Major Impey left Karauli on the 28th December 1907, and accompanied by the Revenue and Financial Member toured through the Hazur and Sapotra Tahsils.

From 31st December to 3rd January 1908, a halt was made at the request of His Highness, who had joined the camp, at Simarkho, where a tiger shoot had been arranged. Marching through the Tahsils of Utgir and Mandrail, Major Impey left the Karauli State border on the 11th January 1908.

Visit of the  
Agency Sur-  
geon, Eastern  
Rajputana  
States.

15. Major J. Fisher, I.M.S., the Agency Surgeon, Eastern Rajputana States, visited the State on the 4th February 1908, and during his stay, from 5th to 12th February 1908, inspected the Sadar Dispensary, the Jail and the Dispensaries at Sapotra, Machilpur and Mandrail.

Relations  
between the  
Political  
Agent and  
His Highness.

16. The relations between the Political Agent and His Highness have all along been most cordial, and the Durbar are much indebted to Major L. Impey, I.A., for his kind advice, which has always been most readily given.

#### TOURS.

Tour of His  
Highness.

17. In addition to the monthly visits to Kaila Devi shrine, which the Maharaja usually pays for religious purposes, His Highness was on tour :—

(1) At Simarkho from 29th December 1907 to 3rd January 1908, in the Sapotra Tahsil, where His Highness joined the camp of Major L. Impey, I.A., Political Agent, Eastern Rajputana States. Arrangements had been made there for a tiger shoot, but owing to bad season no tiger was found, and His Highness marching through the Sapotra and Hazur Tahsils, returned to the Capital on the 6th January 1908, bagging, on his way back, six sambar and one bear.

(2) The shooting trip to Chirchiri lasted from 8th to 22nd April 1908. His Highness, starting from Karauli on the 8th April

1908, and making a halt for two days at the Kaila Devi shrine, proceeded to Chirchiri, *via* Nimbahera, and reached there on the 11th April 1908. He encamped there for a week and bagged three tigers and three sambar. The second tiger was slightly wounded by His Highness. Thakur Girwar Singh, a Tazimi Sirdar, the Private Secretary, and Thakur Sunder Singh pursued him. The tiger attacked Thakur Girwar Singh, who used his sword but to no purpose. Sunder Singh most pluckily charged the tiger, sword in hand, but before he could inflict an effectual blow, the beast left Girwar Singh and rushed on Sunder Singh. The Private Secretary, Babu Jugal Kishore, and Girwar Singh's nephew then stepped forward and shot the beast in the head, and neck. Thakur Girwar Singh has since recovered, but Sunder Singh died of his injuries after a few days. His Highness left Chirchiri on the 19th April 1908, and marching through the Utgir and Hazur Tahsils, returned to the Capital on the 22nd April 1908.

The total number of tigers which have fallen to His Highness' gun since he ascended the Gaddi in 1886, is 213.

18. In consequence of the failure of the Kharif crops of 1907, it was considered expedient to visit each Tahsil as early as possible to see the condition of the people and crops on the spot. Accordingly, Dewan Bahadur Munshi Balmokand Das, C.I.E., Late Revenue and Financial Member of Council, visited first the Machilpur Tahsil, and accompanied by Rai Sahib Pandit Sarup Narain, Officiating Settlement Officer, toured through the whole of the Tahsil from 25th October to 5th November 1907. After completing the inspection a detailed statement showing the proposed remission was prepared, and the grant of remissions was announced to all the Zamindars who had been collected at head-quarters.

Tours of the  
Revenue and  
Financial  
Member of  
Council.

19. The second tour was made through Mandrail, Utgir, Sapotra and Hazur Tahsils from 11th November to 27th November 1907, for the same purpose, and similar action was taken in these Tahsils. During his tour the Revenue and Financial Member inspected the Tahsil Offices, Thanas, Dispensaries, Customs Chowkies and Schools.

20. On the 28th November 1907, he proceeded to Village Piprani in the Machilpur Tahsil, where a Conference consisting of the following members was held on the 30th idem, at the suggestion of the Political Agent, to prevent friction between the border Police of the Karauli and the Dholpur States :—

- (1) Dewan Bahadur Munshi Balmokand Das, C.I.E., Senior Member of Council, Karauli.
- (2) Sirdar Bahadur Bhagat Singh, Secretary, Ijlas Khas, Dholpur.
- (3) Mohammed Zia-ud-din Khan, Muntazim Police, Karauli.
- (4) Munshi Kishan Dayal, Nazim, Dholpur.

All the old disputes were discussed and amicably settled in the Conference, and rules were framed for the settlement of future disputes

and for securing better relations between the Police of the two States.

21. (a) *Political Agency*.—There was no change in the Political Agency during the year under report, Major L. Impey, I.A., having held charge of the Agency throughout the year.

(b) *Council*.—A vacancy occurred in the Council in consequence of the premature and very much regretted death of Dewan Bahadur Munshi Balmokand Das, C.I.E., on the 28th July 1908, who had rendered excellent services to the State. The Government of India sanctioned the transfer of Rao Sahib Pandit Damodar Lal, Extra Assistant Commissioner, First Grade, and Financial Member of the State Council, Bharatpur, to Karauli, as Chief Member of the State Council. He joined the post on the 14th August 1908.

Constitution  
of Council.

22. The Constitution of the Council remained the same as last year.

List of High  
Officials.

23. Appendix I gives the names of the high officials in the State.

## CHAPTER II.

### ADMINISTRATION OF THE LAND.

Revenue Ad-  
ministration.

24. For purposes of Revenue Administration the State is divided into five Tahsils, viz. :—

1. Hazur Tahsil.
2. Machilpur.
3. Mandrail.
4. Utgir.
5. Sapotra.

Land Reve-  
nue System.

25. The system of Land Revenue Collections and the manner in which assessments were made from time to time have been fully reported in previous reports.

Settlement of  
Land.

26. With a view to commence the regular Settlement of the Dholpur and Karauli States concurrently from 1st October 1907, Mr. A. T. Holmes, I.C.S., was appointed Settlement Officer, and Rai Sahib Pandit Sarup Narain, a First Grade Tahsildar of the Punjab, as his Assistant. But owing to the former being on furlough, the latter officiated for him during the period under report. As owing to the failure of the monsoon of 1907, famine threatened the State, it was decided to defer the Settlement operations for a year. The services of Rai Sahib Pandit Sarup Narain were, however, retained. With a small establishment he started the preliminary operations to check the old maps on the spot, to train the local Patwaris, and to reorganise the Kanungo and Patwari establishments.

27. The following establishment was employed during the year :—

1 Clerk on Rs. 40 P. M.	}	Paid half and half by Dholpur and Karauli.
1 Reader on Rs. 50 P. M.		
1 Munsarim on Rs. 25 P. M.	}	Charged to the Karauli State.
5 Amins on Rs. 12 each		

28. With the help of the above establishment the Officiating Settlement Officer got the old maps of almost the whole State checked, and the amendment of field maps of six villages is now in hand. The work of checking old field maps went on smoothly in the Khalsa villages, but objections were raised by Jagirdars, which were overruled by the Council. The following table shows the result of checking :—

No.	Name of Tahsil.	Total No. of Villages.	No. of Villages to be remeasured.	No. of Villages to be amended.
1	Hazur Tahsil... ..	114	53	61
2	Machilpur ... ..	78	37	41
3	Mandrail ... ..	57	41	16
4	Utgir ... ..	73	44	29
5	Sapotra ... ..	66	54	12
	Total ...	388	229	159

29. In addition to his own duties, the Officiating Settlement Officer kindly inspected ten times the Relief Works started in the State during the months of January, February and April 1908.

30. The total expenditure incurred on account of and charged to Settlement, during the period under report, amounted to Rs. 4,640 as detailed below :—

1.	Pay, contribution and travelling allowance of Officiating Settlement Officer ... ..	Rs. 2,871
2.	Pay and travelling allowance of office establishment ... ..	423
3.	Pay of Munsarims ... ..	203
4.	Pay of Amins ... ..	352
5.	Pay of Chainmen ... ..	361
6.	Cost of measuring instruments ... ..	46
7.	Other contingent charges ... ..	384
	Total ...	<u>4,640</u>

31. A school for the training of the Local Patwaris was started on the 12th January 1908. At first three teachers were employed, but one of them was reduced after a month. The head teacher drew Rs. 30 and the assistant Rs. 15 per mensem. There are sixty-two Patwaris in

the State. The attendance of the Patwaris in the school, and the total expenditure incurred on their training is shown in the table below :—

Months.	Total number of Patwaris.	Average attendance.	Total Expenditure in each month.			REMARKS.
1	2	3	4			5
			Rs.	A.	P.	
1. January ... ..	38	11	31	6	9	
2. February ... ..	40	16	53	4	9	Attended Tahsil for 5 days.
3. March ... ..	...	...	83	0	6	Attended Tahsil.
4. April ... ..	42	18	58	10	0	Attended Tahsil for 7 days.
5. May ... ..	47	26	51	8	6	Attended Tahsil for 9 days.
6. June ... ..	46	33	46	0	0	Attended Tahsil for 15 days.
7. July ... ..	47	33	45	12	0	
8. August ... ..	50	31	45	4	0	
Miscellaneous expenses ...	...	...	33	12	3	
Total ...	...	...	448	10	9	

32. The unsatisfactory attendance of Patwaris in the school is attributed by the Officiating Settlement Officer partly to their unnecessary detention in their Circles, by the Tahsildars, and mainly to the carelessness of the Patwaris themselves, who are not accustomed to hard work. The present small pay of the Patwaris is not attractive, and great difficulty is being experienced in filling up vacancies, as no suitable local men are available, and it is considered undesirable to import men from outside.

Revenue Machinery.

33. As stated last year, almost the whole of the Revenue machinery of the State is incompetent as well as inadequate, and the question of reorganising the department has been deferred till the completion of the regular Settlement. The head of the Revenue Department, Lala Girdari Lal, who was old and incapable for hard work during the currency of the Settlement operations, was pensioned off, and Lala Bhagwan Das, Deputy Superintendent of the Patiala State Settlement, who was first employed as Patwari Instructor, was appointed to the post of Deputy Collector.

Agricultural Stock.

34. Appendix XX shows the condition of the agricultural stock in the State. The fodder being abundant, the condition of the cattle, on the whole, was excellent throughout the year, and their number has also increased to some extent during the period under report.

Boundary disputes.

35. No cases of boundary disputes were either pending or decided during the period under report.

36. Taccavi advances to the extent of Rs. 25,977, as detailed below, were granted to the Zamindars during the period under report.

Taccavi  
Advances.

	Rs.
1. For purchase of bullocks ... ..	5,399
2. „ „ of seed grains ... ..	16,413
3. „ sinking and repairing wells ... ..	4,165
Total ... ..	<u>25,977</u>

37. The Budget Estimates for the revenue were framed for twelve months, from 1st November 1907 to 31st October 1908, amounting to Rs. 2,19,000 as detailed below :—

Revenue  
Collections.

	Rs.
Second instalment of Kharif due in November 1907	73,775
Rabi due in April and May 1908 ... ..	75,225
Total ... ..	<u>1,49,000</u>
First instalment of Kharif due in September 1908	70,000
Total ... ..	<u>2,19,000</u>

But owing to change in the financial year, the year under report was closed on the 31st August 1908, after ten months only. Thus the first instalment of the Kharif recoverable in September 1908, fell due in the next year. The actual collections, therefore, during ten months amounted to Rs. 1,87,209, against an estimate of Rs. 1,49,000, showing an increase of Rs. 38,209, which is attributed to better out-turn of *Rabi* than expected.

38. The Kharif crop having generally failed for want of rain, a sum of Rs. 45,020 was remitted. The prompt remissions greatly relieved the agriculturists in their distress, and helped them to remain in their homes and to cultivate for the *Rabi*.

39. The actual outstanding arrears of land revenue up to the end of October 1907, amounted to Rs. 3,70,097; of these Rs. 11,554 were recovered during the ten months under report, leaving a balance of Rs. 3,58,543; to this may be added a sum of Rs. 48,593 suspended during the same period, for reasons given above in para. 38, making a total of Rs. 4,07,136 at the close of the year.

## CHAPTER III.

### PROTECTION.

40. In 1881-82 a simple Code of Criminal and Revenue Laws, based on those in force in Jhalawar, was introduced. The Criminal and Civil Laws are adopted from the British Codes, and the spirit and principles of the laws in force in British India are followed and acted upon in the Judicial Courts. Besides the Codified Law of Revenue in the State, various

Legislation.

circulars and standing orders are, from time to time, passed by the State Council to meet local exigencies.

Appendix II gives the details of laws in force in the State.

Military.

41. The State Forces are divided into Regular and Irregular Cavalry, Infantry and Artillery.

The strength and the cost of the Military Forces were as follows:—

Description of Forces.	Number.	Annual Cost.	Remarks.
I. Regular—		Rs.	
(a) Cavalry ... ..	126	19,068	
(b) Infantry ... ..	257	13,390

II. Irregulars, including Fort Garrison ...	809	51,417	
GRAND TOTAL ...	1,217	85,225	

Arms.

42. The Infantry is armed with muskets and bayonets and the Cavalry with swords and muskets. They are stationed at the Capital, and are employed to keep watch and ward. The Dils are stationed at the several forts and castles in the State to keep peace and order in the country.

Appendix No. III shows the strength, cost, and other particulars of the Military Forces in the State.

Police.

43. The Judicial Officer has charge of the Police Department of the State. The Department was re-organised in May 1906, and the efficiency of the service has since been greatly improved. For purposes of Police Administration, the State is divided into three Circles, controlled and supervised by one Inspector and three Sub-Inspectors. The former tours through the whole of the State, while each of the latter makes a round through his own Circle.

The number of Police Stations and Out-posts remained stationary, viz.:—

- 1 Kotwali at Karauli.
- 7 Thanas or Police Stations.
- 10 Chowkis or Out-posts.

Police Drill  
and Uniform.

44. The Police formerly received no training, nor had they any uniform. Arrangement has now been made to drill as many men as possible and supply uniforms of approved pattern.

Police Arms.

45. The Police Constables are usually equipped with *lathis*, but they generally keep their own swords and guns.

46. The ratio of the Police to population is 1 to 725·86, and that to area 1 to 5·75 square miles,

48. Appendices V, VI and VIII show the working of the Police.

Working of the Police.

49. Three hundred and sixty-five offences were reported during the year against 168 of the previous year, and 539 offenders arrested against 230 ; of these 372 against 133 were punished; while 145 against 97 were released or acquitted.

Offences reported by the Police.

50. There is no regular Village Police. In most of the big villages, the Balais or Chamars serve as Chowkidars. They are bound to report the occurrence of any crime, the prevalence of any epidemic disease, and other important matters, to the Thana, or the nearest Police Chowki. They receive no fixed pay, but have free holdings, or receive certain perquisites from the villages, in lieu of which they are required to perform these duties.

51. The Finger Impression Slips of nineteen criminals undergoing sentences for specified offences were taken for the purpose of identification and supplied to the Central Bureau at Mount Abu, while the cancellation of impressions of four criminals who died during the year was applied for.

52. The Judicial machinery of the State consists of:—

- (1) Five Tahsildars who exercise the powers of a Magistrate of the 3rd class in criminal cases, and are empowered to decide Civil Suits of the value of Rs. 50 and under.
- (2) The Court of the Judicial Officer exercising the powers of a District Magistrate, as also those of a District Judge. It hears appeals from the orders of the Tahsildars, and is authorised to try Civil Suits of any value.
- (3) The Judicial Member of Council has power to hear Civil and Criminal appeals from orders of the Judicial Officer in the manner described below:—
  - (a) *Civil Appeals*.—All appeals of money suits, the value of which does not exceed Rs. 500, subject of course, to appeal to His Highness the Maharajah in full Council; but those of value exceeding that amount are brought up before the full Council for decision. All appeals of suits involving landed property or any interest in land or of suits in which the question of right or custom is involved, are decided in full Council.
  - (b) *Criminal Appeals*.—All Criminal Appeals in which the sentence of imprisonment for two years and under, and of fine up to Rs. 200 is passed (subject to appeal to His Highness the Maharajah in full Council), but all cases in which the sentence exceeds that limit, as also all Sessions Cases are heard and disposed of by the full Council. The decision of the full Council in all cases is subject to the confirmation of His Highness the Maharajah.

His Highness the Maharajah has power of life and death.

53. The total number of offences against the human body was 199 against 193 of the previous year. The number of offences against property was 334 against 193 of the previous year. The increase is mainly due to the fact that the year under review was one of scarcity. A novel feature of offences that came to the notice of the authorities of this State, was that of cattle poisoning committed by the Chamars, who never before resorted to the commission of crimes. Some fifty Chamars were arrested and very severely dealt with.

54. The following table shows the offences committed during the year as compared with the corresponding period of last year:—

62. The number of Civil Suits instituted in the Judicial Court was 337 against 381 of the last year ; while that remaining from last year was 14, making a total of 351 ; of these 313 were disposed of during the

year, against 322 of the previous year, leaving 38 pending at the close of the year. Of 337 suits filed during the year, 302 related to money and 24 to immoveable property. The total value of suits filed amounted to Rs. 36,890-14-0 against Rs. 39,134-10-0 of the previous year; while that of disposed of, to Rs. 32,066-4-0 against Rs. 28,137-4-9 of the last year.

63. The year began with sixteen applications for execution of decrees and 243 were filed during the year, making a total of 259 cases; of these 217 were disposed of, leaving 42 pending at the close of the year. Execution of decrees.

64. The value of cases filed including that of cases remaining from the previous year, amounted to Rs. 28,029-14-0, while the value of cases disposed of amounted to Rs. 21,235-3-9. Value of cases.

70. The number of prisoners at the commencement of the year was 87, and 357 were admitted during the year, making a total of 444. Of these 298 were released on the completion of their respective terms of imprisonment, leaving 146 at the close of the year. To avoid serious overcrowding owing to cattle poisoning cases in which some 50 Chamars were sentenced to various terms of imprisonment, a big house in the town has been taken up and made a temporary prison where these Chamars are lodged and fed. 73. The receipts from sale of Jail industries amounted to Rs. 1,454-2-11, while the total expenditure incurred in connection with the upkeep of the Jail and the maintenance of prisoners including Press and Factory, aggregated Rs. 6,462.

74. There was one male lunatic at the close of the last year, and one female lunatic was admitted during the period under report, making a total of two. Of these, the male lunatic was transferred in March 1908, to the Lunatic Asylum at Agra, and steps are being taken for the transfer of the female lunatic also, to some Lunatic Asylum in the British District, for care and treatment.

Inspection of

trars.

79. The Judicial Officer is the Registrar and the Tahsildars are Sub-Registrars, the latter being empowered to register documents up to the value of Rs. 50 only.

80. Appendices XIV and XV show the registration of documents and receipts and expenditure on account of registration during the year under report.

81. The Municipality at the capital continued to work satisfactorily during the year under report.

Addition or  
reduction in  
the number  
of Members of  
the Board.

82. No new member was added or old one reduced during the year.

83. The leading citizens who form the Bench of Honorary Magistrates work by rotation and dispose of cases reported against breaches of Municipal Bye-Laws and such petty cases as are transferred to the Bench by the Judicial Officer. The number of cases tried by the Bench of Honorary Magistrates was 538 as against 673 of the previous year.

84. The principal streets and most of the lanes being paved with red stone and the city being situated on a steep hill, the natural drainage is excellent. The sanitary arrangements continued to be satisfactory and the general health of the town was, on the whole, good during the year under report.

Sanitation.

85. For want of funds no addition could be made in the lighting arrangements.

Lighting of  
the Streets.

86. Octroi is the chief source of income of the Municipality, and the collections during the year under report amounted to Rs. 3,664-11-3, and the quantity of grain imported into the town on which the tax was levied, amounted to 63,623 maunds.

Municipal  
Revenue.

87. Population of the town according to the last Census returns is 23,482 souls, of whom 541 persons belonging to his Highness' Kitchen, Sriji's temple and Radha Gopalji's temple are exempt from payment of Octroi duty. The incidence per head comes up to Re. 0-2-6 as against 0-3-3 of the previous year.

Incidence.

88. The total income from all sources including last year's balance amounted to Rs. 5,714-7-6, while the expenditure amounted to Rs. 5,353-8-3 which meant a deficit of Rs. 40, and the absorption of surplus balance of previous years. In order to maintain a closing cash balance at the end of the year, the Municipality was obliged to take a loan of Rs. 400 from the State.

Receipts and  
Expendi-  
ture.

89. The Female Dispensary is under the charge of Mrs. Williams. This institution, which is of doubtful utility to the people of this State, is a drag upon the crippled resources of the Municipality. The Board has to make a provision of an annual expenditure of Rs. 1,500 for the upkeep of this institution, even at the sacrifice of such important works as road metalling, etc. The institution is mainly resorted to by the lower class females of this State, who can easily be relieved by the Saddar Dispensary. The object of founding Female Dispensaries was for extending relief to the suffering females belonging to the higher classes. Here in Karauli, that object has not been taken advantage of. The defective eye-sight of the Female Hospital Assistant renders her incapable of attending to many of the physical sufferings.

Female Dis-  
pensary.

90. There was no change in the constitution of the Municipal Board at Mandrail. The income during the year was quite insufficient to meet the expenditure, which was kept down as low as possible. A sum of Rs. 100 was borrowed from the Karauli Municipality for the expenses of the year, and it is apprehended that the lack of funds may lead to the abolition of the Board.

Municipality  
at Mandrail.

## CHAPTER IV.

## PRODUCTION AND DISTRIBUTION.

Rainfall.

91. The average rainfall in the State for the period under report was 36·8 inches against 18·89 inches of the previous year, and 25·13 inches, the average of the last five years, showing an increase of 17·9 and 10·95 inches respectively. The rainfall was exceptionally heavy this year.

Season and  
Crop.

92. The period under report embraces the Rabi crop of 1907-08 only.

93. The partial failure of the Kharif of 1907, coupled with the high prices prevailing throughout the State and the gloomy prospects of the Rabi at the out-set owing to insufficiency of water in wells and tanks, once threatened to produce distress. But with a view to mitigate the hardship, out of the demand for Kharif a sum of Rs. 45,020 was remitted and not less than Rs. 48,000 were suspended. Taccavi advances were liberally made to the extent of Rs. 26,000. Special works were started to provide work, whereby 1,10,947 units were relieved. Gratuitous relief was also afforded to some extent. The result of these precautionary measures promptly adopted by the Durbar, was that there was neither emigration nor aimless wandering or emaciation.

94. The produce in the Rabi, of the irrigated area and of the land cultivated in *Nullas* and on the banks of rivers was, however, very fair. The revenue collected in kind in respect of certain lands fetched a very good price. The high rates then prevailing also enabled the agriculturists generally to pay up conveniently the revenue payable by them in cash. The outturn of the Rabi was on the whole far better than expected.

Wages and  
Labour.

95. The rates of ordinary wages fell during the year owing to scarcity.

Prices of food  
grains.

96. Appendix XVIII is annexed showing the prices of food grains, etc., for the period under report. It will be seen that owing to scarcity which prevailed during the period, the prices of food grains ruled high.

Forests.

97. There is no trained officer in the Forest Department of the State, and the question of employing one was not taken up as the services of a really competent man cannot be secured on moderate pay.

Area.

98. The exact area of forests as mentioned in the previous reports is not known as they have never been surveyed.

Settlement  
and demar-  
cation.

99. The surveyor who was engaged last year, to survey Runds (Forest) and to prepare maps showing exact area of each Rund, has surveyed eight Runds comprising an area of 22,621 acres. The survey of the remaining Runds situated in the district, has been put off till the commencement of the regular Settlement.

100. Under existing arrangements the forests are classed as under:—

Classification  
of Forests.

1. Preserved, and
2. Unpreserved.

Soon after the rainy season sets in, the preserved forests are demarcated by flags; grazing therein is strictly prohibited and cases of trespass are severely dealt with. Grazing is freely allowed in unpreserved forests on payment of fees at fixed rates.

101. There are no communications and buildings of any importance in the Forests. Existing pathways, roads and buildings were kept in fairly good order.

Communica-  
tions and  
Buildings.

102. The following particulars will show the working of the year:—

8,672 donkeys and 124 camels were allowed to remove dry and green wood from the forests, and Rs. 143 were realised.

The system of issuing permits for the removal of head loads of dry wood from the forests, which was started last year, continued during the year, and a revenue of Rs. 160 was derived from this source, the fee charged being 0-8-0 per head load per annum.

(c) Charcoal—

Charcoal.

967 maunds of charcoal were burnt in various forests for sale and supply to the State. The charcoal is usually burnt by Kumhars who supply it to the State at the rate of 2½ maunds a rupee. The income derived from the sale of charcoal during the year amounted to Rs. 76.

Cattle were also admitted for grazing to the forests as usual after the grass had been cut, and the revenue derived therefrom amounted to Rs. 347.

The income derived from miscellaneous Lags amounted to Rs. 1,107.

104. Cases of illicit grazing, trespass, etc., were severely dealt with and fines inflicted to the extent of Rs. 341.

Forest offences.

105. All the State forests are protected from fire. There were altogether 24 fires during the year of a trivial nature.

Fire Conservancy.

106. The revenue for the period under report amounted to Rs. 11,229, and expenditure to Rs. 4,203, showing a net saving to the Department of Rs. 7,026.

Revenue and Expenditure.

107. The balance outstanding on the 1st November 1907 was Rs. 79, of which Re. 1 was recovered during the year, leaving a balance of Rs. 78. The revenue of the year amounted to Rs. 11,228 of which Rs. 10,323 were recovered, leaving a balance of Rs. 905 outstanding at the close of the year, as detailed below :—

The total outstanding balance therefore amounts to Rs. 983.

108. The Stock balance at the close of the year, after meeting all State demands, was as follows :—

Stock Balance.

(1) Grass ... ..	17,556 maunds.
(2) Wood ... ..	2,843 „
(3) Charcoal... ..	84 „

109. There is no extensive branch of Industry in the State, except agriculture, the chief produce of the country being Indian Corn, Bajra and Juar ; Pulses—Mung, Urd and Moth ; Rice, Cotton, Zira and Opium are also cultivated.

Trade and Manufacture.

The principal articles of export are—Cotton, Opium, Zira, Ghee, Rice, etc., while those of import are—Sugar, Indigo, Tobacco and Cloth.

The following indigenous industries exist at present in the State :—

1. *Manufacture of Tat-pattis*.—The Lodhas who cultivate *san* (flax) manufacture these *pattis*, which are mostly exported to foreign territory.

The manufacturers are in fair condition and their income is estimated at about Rs. 100 a year per head. The average income of the Customs duties levied on export of *Tat-pattis* is about Rs. 750 a year.

2. *Dyeing and block printing of cloth.*—This is comparatively a prosperous industry in the State. Although the vegetable dyes have been mostly elbowed out by the cheap aniline dyes of foreign manufacture, yet Chhipis here commonly use indigo, and the cloths dyed by them command a good market even outside the State. The earnings of Chhipis amount to about Rs. 150 a year.

3. *Turning Lacquer work, and making of wooden toys.*—This industry is in a fair state. The wooden toys, etc., turned out by the artisans are much appreciated.

4. *Manufacture of Hukka or Kalis.*—Not carried on any grand scale. A manufacturer can earn about Rs. 100 a year.

5. *Stone Carving.*—The red or sand stone is cheap and ample and forms an excellent building material. The artisans find no sufficient work here and often seek employment elsewhere. In Bombay and other places they earn about Rs. 2 a day.

6. *Moulding of brass and pewter ornaments.*—These ornaments are moulded in large quantities but they are chiefly used and worn by low-caste women, and their use is restricted to the limits of the State.

The remote and secluded situation of the State makes it unfavourable for commercial and industrial development of high order.

Public Works  
Department  
1. Buildings.

110. The State Public Works Department buildings remained in charge of Thakur Debi Pal during the year. No works of any importance were undertaken. The usual construction of and repairs to buildings, etc., were carried out at a cost of Rs. 5,486.

2. Irrigation  
Works and  
Communica-  
tions.

111. The Overseer, Babu Barkat-ul-lah Khan, was in charge of Irrigation Works and Communications throughout the year, and the expenditure incurred through him amounted to Rs. 37,156, as detailed below :—

			Rs.
(a) P. W. D. Establishment	...	...	2,227
(b) Original Works—Irrigation	...	...	31,129
(c) Repairs to Irrigation Bunds	...	...	694
(d) Original work—Roads	...	...	...
(e) Repairs to Roads	...	...	2,816
(f) Survey	...	...	290
		Total	37,156

Important  
Works.

112. Some of the important works carried out during the year are shown as follows :—

## I. Original Works—Irrigation—

Cost.

1. Rundkapura Tank	...	...	Rs. 23,984
2. Gurdha Bund	...	...	382
3. Jargarpura Bund	...	...	541
4. Dhoreta Bund	...	...	892
5. Rai Baili Bund	...	...	653
6. Nanpur Bund	...	...	949
7. Kalyanpur Bunds Nos. 1 and 2	...	...	1,260
8. Sanwara Bund	...	...	1,331

II. Forty-two new tanks and bunds were surveyed during the year, by the Sub-Overseer employed in the Public Works Department, and the extra cost incurred amounted to Rs. 290.

The total cost of the Public Works Department during the year amounted to Rs. 42,642.

Appendix XIX shows details of expenditure on the Public Works Department.

113. The Imperial Post Office with combined Telegraph Office in Karauli City together with the Branch Office at Kurgaon and three Branch Post Offices re-opened last year, at Machilpur, Mandrail and Sapotra, continued to work during the period under review. The State has guaranteed to make up the difference between the cost and income of the Branch Offices. The Mail to Utgir Tahsil is carried by State Harkaras as heretofore.

Post Office.

114. The State mint remained practically closed except that some Gold Mohars which are not legal tender, were, as usual, struck. British coin is the legal tender throughout the State.

Mint.

115. The Abkari and the Hemp drugs contracts continued to remain in force during the period under report, at Rs. 1,800 and Rs. 1,400 respectively. The department requires re-organization and steps will be taken to place it on a proper footing.

Excise.

Appendix XXI shows the excise revenue of the State.

116. The Customs Department remained in charge of Lala Misri Lal throughout the year under report. A sum of Rs. 80,000 was budgetted for, including receipts expected from royalty on stone, etc., taken by the contractors of the Nagda Muttra State Railway, from the State quarries, for full twelve months, while the actuals during the ten months under report amounted to Rs. 75,816.

Customs.

The increase was due to :—

- (1) Excessive import of sugar and cloth owing to a large number of marriages having been celebrated.
- (2) Large export of ghee to foreign territory.
- (3) Recovery of royalty on stone used by the Nagda Muttra State Railway.

No change was effected in the Customs tariff during the year.

The number of smuggling cases pending from the last year was 43, and 584 were instituted during the year, making a total of 627; of these, 582 were disposed of during the year under report, leaving 45 pending at the close of the year.

## CHAPTER V.

### REVENUE AND FINANCE.

Financial  
year.

117. The Financial year of the State commenced as usual on the 1st November 1907, and the Budget Estimates were framed in the beginning of the year, for twelve months ending 31st October 1908. But it was observed by the Hon'ble the Agent to the Governor-General for Rajputana, in February last, that the collections of land revenue in the Karauli State commenced before the harvest was reaped, and he suggested the advisability of altering the dates of the *Kharif* and *Rabi* instalments. But in view of the circumstances existing in the State, it was impracticable to alter the dates of instalments. Consequently it was considered expedient to commence the Financial year of the State on the 1st September, for the present, to avoid the results of two Kharifs being included in the figures of one financial year. The year under report was accordingly closed on the 31st August 1908, and it embraces a period of ten months only.

Receipts and  
Expenditure.

118. Appendix XXII is attached showing the actual receipts and expenditure of the period under review, and the results are focussed below :—

Particulars.	Estimates.	Actuals.	Difference.
	Rs.	Rs.	Rs.
Opening Balance ... ..	880	880	...
Ordinary Revenue ... ..	4,09,000	3,59,773	—49,227
Extraordinary Revenue ... ..	1,47,000	1,42,140	—4,860
Deficit ... ..	11,545	...	—11,545
Total ...	5,68,425	5,02,793	65,632
Ordinary Expenditure ... ..	4,73,900	3,74,084	—99,816
Extraordinary Expenditure ... ..	94,525	1,05,694	+11,169
Total ...	5,68,425	4,79,778	—88,647
Closing Balance ...	...	23,015	+23,015

119. It is needless to comment on the comparison of the actuals with the Budget Estimates for Sambat 1964, as the former are the figures for ten months only, while the estimates were framed for twelve months

Reasons for increase or decrease.

120. The most noticeable features of the Financial Administration of the period under report were that owing to large remissions and suspensions due to scarcity, no provision could be made for payment of instalments towards the liquidation of Government loan or other debts. A sum of Rs. 14,525 was only provided and paid on account of interest to Rai Bahadur Seth Mool Chand Nemi Chand of Ajmer. On the other hand a further loan of Rs. 50,000 was also obtained from the Government to cover the expenses.

Noticeable features.

121. The total liabilities of the State now stand as follows :—

Liabilities.

1. Due to Rai Bahadur Seth Mool Chand			
Nemi Chand of Ajmer	...	...	Rs. 4,04,304
2. Due to Srijji's Temple	...	...	„ 10,500
3. Due to Government of India	...	...	„ 5,59,995
Total	...	„	<u>9,74,799</u>

122. The assests of the State consist of :—

Assets.

1. Arrears of Land Revenue	...	...	Rs. 4,07,136
2. Do. of Gardens	...	..	„ 3,000
3. Miscellaneous	...	...	„ 3,025
4. Taccavi Advances	...	...	„ 35,200
5. Debts due by the Jagirdars, relatives			
and Zanani Deorhis	...	...	„ 1,13,000
Total	...	„	<u>5,61,361</u>

Out of this a sum of Rs. 2,89,200 only is considered recoverable.

## CHAPTER VI.

### MEDICAL DEPARTMENT.

123. There is one Sadar Dispensary in the capital and three Dispensaries at Machalpur, Mandrail and Sapotra. There is also one Female Dispensary in Karauli town. The number of these institutions during the year under report remained the same as last year, viz., 5.

Medical Institutions.

124. 211 “in” and 24,217 “out” patients were treated in all the institutions against 112 and 30,407 in the preceding year.

Attendance of Patients.

125. 45 Major and 1,044 Minor operations were performed during the year, against 45 and 1,101 of last year.

Surgical operations.

Cost of  
Medical  
relief.

126. The actual amount incurred on the Medical relief afforded at the five dispensaries was Rs. 7,563 as detailed below:—

1. By State Funds	...	...	...	Rs.	5,534
2. By Local Funds	...	...	...	"	2,029
Total	...	...	...	"	<u>7,563</u>

Vaccination.

127. The Vaccination Operations are carried out under the general supervision of the Hospital Assistant, Sadar Dispensary, assisted by an Inspector who supervises directly the work of the Vaccinators and goes out into the district to inspect the progress of the operations.

4,155 children in all were vaccinated during the year as detailed below:—

1. In Karauli Town	...	...	...	Rs.	1,076
2. In District	...	...	...	"	3,079
Total	...	...	...	"	<u>4,155</u>

Of these 3,670 cases proved successful.

Appendix XXIII gives details of Medical relief afforded in the State during the year under report.

Vital  
Statistics.

128. The total number of births and deaths registered during the year under report, were 1,961 and 1,645 respectively as detailed below:—

*Births.*

1. Karauli Town	...	...	...	...	Rs.	626
2. District	...	...	...	...	"	1,335
Total	...	...	...	...	"	<u>1,961</u>

*Deaths.*

1. Karauli Town	...	...	...	...	Rs.	507
2. District	...	...	...	...	"	1,138
Total	...	...	...	...	"	<u>1,645</u>

The ratio of births and deaths per 1,000 of population comes to 12.50 and 10.49, respectively.

Epidemic  
diseases.

129. In the month of June 1908, Cholera broke out in the Machilpur Tahsil, and 79 seizures and 43 deaths took place. But the town of Karauli and other Tahsils remained free from epidemic diseases during the period under report.

## CHAPTER VII.

### EDUCATION.

High School.

130. There is only one High School, at the capital of the State, which occasionally sends up boys for the Entrance Examination of the

Allahabad University. It consists of the following departments and classes.

(1) English Department—

(a) Entrance Examination of the Allahabad University.

(b) Rajputana Middle English Examination.

(2) Sanskrit—Madhyam Pariksha, Benares Sanskrit College.

(3) Hindi—Vernacular Final Examination of the United Provinces.

(4) Rajput Class—Upper Primary English and Vernacular.

131. According to the new University Regulations, the Panjab University has withheld permission to the students outside the province to appear in its Oriental Language Examinations; the Persian department attached to the Maharajah High School, has, therefore, been abolished.

Abolition of  
the Persian  
Class.

132. The total number of pupils on the roll in the High School on the 31st August 1908 was 207, against 285 of the last year. The fall in attendance is mainly due to the abolition of the Persian department.

Number of  
pupils on  
roll in the  
High School.

133. There is a Girls' school at the capital which teaches elementary Hindi to the girls. The work of the Mistress was not found satisfactory though repeated warnings were given to her, so her services were dispensed with and a new one has been appointed in her place. The number of girls at present on the rolls is 11 against 20 of the last year.

Girls' School.

134. The people of this State have a natural aversion for education. They have not yet learnt to appreciate the value of education. With great difficulty they can be induced to send up their boys to the school. Such being the normal condition, it can hardly be expected that they will send their girls to school for education.

Attitude  
of people to-  
wards Female  
Education.

135. There are five Branch schools located in large villages in each Tahsil. The number of students on rolls of these Mufassil schools was 162 on the 31st August 1908, as against 222 in the previous year.

Village  
Schools.

In seasons of ploughing, sowing and reaping the boys belonging to agricultural classes generally leave the school and take to husbandry. Hence the fall in the number in attendance

136. The total number of boys receiving education in this State is 380, against 527 of the last year. The daily average attendance is 328.32, as against 334.49 in the previous year.

Attendance  
of pupils.

137. A teacher of the High School at the capital acts as an Inspector of Schools. Out of five Village schools he inspected four only once during the period under report. The arrangement is unsatisfactory. The Head master also visited the Kurgaon, Sapotra and Karanpur Branch schools.

Inspection of  
Village  
Schools.

138. The results of the Public Examinations for the year under report are as follows :—

Results of  
Public Ex-  
aminations.

			No. Sent up.		No. Passed.
1. English Middle Examination	...	...	4	...	<i>Nil.</i>
2. Sanskrit—					
(a) Madhyam Pariksha	...	...	3	...	1
(b) Pratham	...	...	3	...	2
3. Hindi Middle Examination	...	...	1	...	<i>Nil.</i>
Total	...	...	11	...	3

There was no boy in the Entrance Class to be sent up for the examination.

The results of the Public Examinations of the Hindi and English departments during the year under report, were very disappointing. It is hoped that the Head Master will be able to show better results in the next year.

The Subordinate School staff was found insufficient and inefficient so a provision was made in the Budget to engage one under-graduate Mathematical teacher who is to act as an Assistant to the Head Master, but unfortunately no man could be secured during the year under report.

Inspection of  
Schools by  
Major  
L. Impey,  
I.A., Political  
Agent, Eastern  
Rajputana States.

139. During his winter tour in December 1907, Major L. Impey, I.A., Political Agent, Eastern Rajputana States, visited the Mufassil Schools at Kurgaon, Sapotra, Mandrail and Karanpur. He was also kind enough to grace the Annual Prize distribution of the Maharajah High School in company with His Highness the Maharajah. He examined the senior English classes and expressed his satisfaction with what he saw, and remarked in the Visitors' book that the Head Master was also His Highness' Private Secretary and his duties were somewhat exacting, that he was surprised to find how well the senior English classes had been taught, and that with the exception of Persian, the teaching appeared to be on sound lines.

Education  
imparted  
free.

140. Education is imparted free in this State without distinction of caste or creed. No tuition fees are levied. Scholarships and prizes are awarded to the deserving students and journey expenses are paid by the State to the students who go up for Public Examinations.

Student at  
the Mayo  
College.

141. Kanwar Jasraj Pal is the only student of this State, who is now receiving his education in the Mayo College, Ajmer, and his progress is reported to be satisfactory. All his expenses are borne by the State.

Total  
Expenditure.

142. The total Expenditure incurred by the State under head "Education" amounted to Rs. 4,146.

Physical  
training.

143. Physical training of the boys is also attended to. There is a Football club attached to the High School, but no great progress can be expected without an Instructor.

## CHAPTER VIII.

## MISCELLANEOUS.

144. There is a Litho. Printing Press in the State Jail. Vernacular printing is done according to the requirements of the several departments of the State.

Press.

145. The important Fairs held in the State are :—

Fairs.

(a) The Sheoratri Fair was held as usual for a fortnight in the month of *Phagan* (February 1908). This is the only fair held at the capital and mostly visited by outside traders and men coming for purchase and sale of cattle as well as other articles of merchandise.

(b) The Kaila Devi Fair was held in the month of March 1908. Pilgrims from the neighbouring States and the districts of Agra and Muttra visited the sacred shrine of the Kaila Devi, a place about seventeen miles to the south of the town of Karauli. The fair was well attended as usual.

146. The work of the Walterkrit Rajputra Hitkarini Sabha continued to be satisfactory during the year.

Walterkrit  
Rajputra  
Hitkarini  
Sabha.

130 marriages and 32 funerals took place among Rajputs during the period under report, and no case of breach of marriage or funeral laws was reported.

The Political Agent, Eastern Rajputana States, in his letter No. 3143, dated the 17th August 1908, informed that the Government of India were glad to observe that the results of the working of the Walterkrit Rajputra Hitkarni Sabha for the year 1907, had, on the whole, been favourable.

147. The following estates were held under the management of the Court of Wards during the period under review :—

Court of  
Wards.

1. Amargarh.
2. Thikana Thakur Narain Singh.
3. Temple Sriji.
4. Thikana Inaiti.

148. The following case of Treasure Trove was reported during the year. In village Semarda, Tahsil Sapotra, six Moghal coins of silver of an approximate value of Rs. 4-2-0 were found on 3rd June 1908, by some workmen while deepening a well, known as Nichlakua. The coins were sent to the Political Agent, Eastern Rajputana States, for examination in accordance with the Government of India Home Department Resolution No. 889-903, dated the 30th March 1907.

Treasure  
Trove.
